

## Foot Mini-Golf Hole

### Equipment:

1. Ball, balled up socks, crumpled paper, etc.)

### Set-up:

1. Use various objects from your house such as a chair, basket,
2. Design your hole: set the objects up.
3. Determine what has to be done for each object, for example, the ball must go under the chair, or around the cat tree.
4. See the two (2) hole examples below.

### How to Play:

1. Use your ball to move through your hole.
2. Count how many kicks (or taps) it takes to complete the hole.
3. Try to improve upon your score next time.
4. Play with a partner and see how many it takes both of you together.
5. Once you have mastered this hole, design a new hole and repeat.
6. After you have designed several holes, put them together to make a course!

Through the Chair

Across the Plank

Into the Bucket

Over the Box

Around the Cat Tree

Land on the Couch
