

## Golf

### How to make a Putting Cups:

1. Paper Plate with wax coating
2. Cut 2" slits from edge of plate to inner indented ring.
3. Fold slits in half.
4. Press folded slits down flat, ensuring they are half way over next slit and half way under the other slit.
5. Might have to re-crease the folds to ensure it lies as flat as possible.

### How to make a Golf Club:

**Materials:** 1 Small Box (Mac & Cheese box or similar size); Glue; Cardboard Paper Towel Rolls.

1. Cut slits at the end of the paper towel roll, all the way around; then fold back.
2. Glue the flaps onto the front of the box; be sure to weigh them down while drying.
3. You can use tape if you prefer.

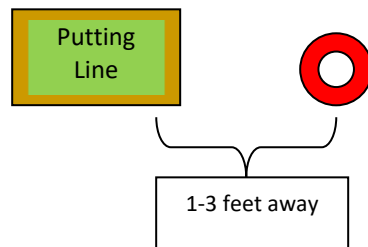

**How to play:**

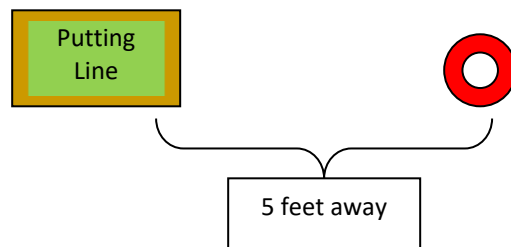

1. Place the Golf Hole in the playing area.
2. Place putting spots in various locations and distances.
3. Each player puts their ball from the 1<sup>st</sup> spot; take turns until each player's ball makes it into the hole.
